acct3 management is the asia pacific edition of the proven 4ltr press approach to management accounting designed to enhance students learning experiences the text is for teaching students learning the preparers debits and credits approach and is presented in an easy to read and accessible style this third edition includes a strong suite of student and instructor resources that enhance student learning and revision new print versions of this book come with bonus online study tools on the coursemate express platform learn more about the online tools cengage com au learning solutions

one of the prime purposes of accounting is to communicate and yet to date this fundamental aspect of the discipline has received relatively little attention the routledge companion to accounting communication represents the first collection of contributions to focus on the power of communication in accounting the chapters have a shared aim of addressing the misconception that accounting is a purely technical number based discipline by highlighting the use of narrative visual and technological methods to communicate accounting information the contents comprise a mixture of reflective overview stinging critique technological exposition clinical analysis and practical advice on topical areas of interest such as the miscommunication that preceded the global financial crisis the failure of sustainability reporting the development of xbrl how to cut clutter with an international coterie of contributors including a communication theorist a big four practitioner and accounting academics this volume provides an eclectic array of expert analysis and reflection the contributors reveal how accounting communications represent or misrepresent the financial affairs of entities thus presenting a state of the art assessment on each of the main facets of this important topic as such this book will be of interest to a wide range of readers including postgraduate students in management and accounting established researchers in the fields of both accounting and communications and accounting practitioners

na

using data analytics to drive transformational change the chapman university model opens with the statement most strategic plans are a waste of time a drain on precious resources an alternative planning approach is described in this book it represents a paradigm shift in tackling transformational change rather than developing all around strategies the author presents a

planning model that guided chapman s transformation that took place during james doti s 25 year presidency at chapman university chapter 2 describes how data analytics were used to increase student selectivity by utilizing specific strategies relating to tuition pricing and discounting chapter 3 shows how the progress of competing universities can be identified and measured in helping determine the optimal size for a university the specific strategies relating to establishing a new film school law school and physical therapy program are presented as well as when and how to pursue national accreditation for a school s academic programs chapter 4 describes how analytical tools can be used to optimally invest in buildings and land putting those tools to work is described in examples related to the construction of a new film studio library underground parking and landscape development chapter 5 explains how a unique budgetary system was developed to move chapman s faculty salaries into the 95th percentile for all professional ranks it also presents specific strategies relating to increasing the number of endowed faculty chairs and professorships chapter 6 describes how the net income ratio can be used to assess the financial health of the institution as well as increase endowment growth and investments in buildings and land specific examples include increasing the number of natural science majors as well as developing a new campus devoted to graduate health science programs the chapter also presents a unique strategy relating to succession planning
