the area of law that controls the various types of ownership in personal property and real estate is known as property law property indicates the legally protected claims to resources like land personal property and intellectual property it can be exchanged through contract law if the laws of property are violated one can sue under tort law in order to protect it the concept idea and philosophy of property form the basis of property law there are two views on property rights these views are the traditional view and the bundle of rights view the traditional view believes that there is a core and inherent meaning in the concept of property the bundle of rights view believes that the owner of the property only has bundle of permissible uses over the property this book unfolds the innovative aspects of property law which will be crucial for the progress of this field in the future it provides significant information of this discipline to help develop a good understanding of the property law and related fields the topics covered in this book offer the readers new insights in the field of property law

this book is about the making of intellectual property law in vietnam across colonial and socialist space and time from 1864 to 1994 it provides a completely new provoking narrative disproving previously published scholarship which claimed that there was no intellectual property law in vietnam during the colonial and socialist periods in doing so the book engages with an emerging field of historiographical inquiry into the intellectual property law history in vietnam and worldwide which

investigates how and why the scholarship about the history of intellectual property law has been construed and framed as such within a specific period and space this book is comprised of three knowledge components the first involves the reconstruction of the lost intellectual property law from 1864 to 1994 in vietnam doctrinally relying on newly discovered archives in vietnam and worldwide it unravels a corpus of statutory and regulatory provisions and interesting at times contradictory juridical decisions that governed and interpreted copyright patent and trademark the second is the historiographical inquiry of the making of the intellectual property law history scholarship in vietnam this will answer the questions of how and why the particular histories had been construed and framed as such at a particular time this involves the debate about sociopolitical ideologies underlying the meaning and application of the laws most notably colonialism and socialism finally the third engages with the theory of legal transplantation it addresses a hypothetical question of colonial laboratory as a form of legal transplantation a new concept that this book offers to the global scholarship it demonstrates that the colonial empire had tried to use vietnam as a laboratory for its legal reform and then transplanted the successful and feasible results back to the empire this book explains the distinctively ideological principles underlying the understanding and application of the law

this book addresses core issues of personal property law in nigeria from a comparative perspective it offers a detailed account of the laws governing personal property and the different lightweight reforms undertaken mainly through case law before the enactment of the secured transactions in movable assets act in 2017 the book draws insights from the united states ucc article 9 being unarguably the first law that introduced the concept of modern secured transactions law and was influential to many common and civilian law systems in reforming their personal property laws given that personal property law is fairly new in nigeria and also in africa in general the main aim of the book is to provide judges and academic researchers with a rich collection of tested solutions from jurisdictions that have experimented with modern secured transactions law for several decades the primary and secondary works that were referenced in the book have tracked the different epochal shifts in legal thinking and their significances this may assist scholars and judges in nigeria to come up with bespoke interpretations of the act and solutions to underlying problems on credit and security that will satisfy the local conditions as opposed to copying the unaltered solutions from the united states and other advanced systems

as knowledge production has become a more salient part of the economy intellectual property laws have expanded from a backwater of specialists in patent copyright and trademark law intellectual property has become linked to trade through successive international agreements and appreciated as key to both economic and cultural development furthermore law has begun to engage the interest of economists political theorists and human rights advocates however because each discipline sees intellectual property in its own way legal scholarship and practice have diverged and the debate over intellectual property law has become fragmented this book is aimed at bringing this diverse scholarship and practice together it examines intellectual property through successive lenses incentive theory trade development culture and human rights and ends with a discussion of whether and how these fragmented views can be reconciled and integrated
